### PRODUCT: DOUBLE WAVEL LED

#### Overview

The Flux Double Wavel is a Recessed Panel Troffer Luminaire that will transform ambient lighting into an even glow that offers exceptional uniform flicker free light to fill the desired area in an energy efficient way. Typical lifespan of these lights is over 50,000 hours which makes maintenance virtually non-existent. This is the perfect application for shops, schools, office, hotel, conference rooms and hospitals.

#### Available Wattage:
